

Making Big Data Easy

Another Gaming Industry Solution from
World Leading Software Maker BIS²

BIS² gameViz

BIS²'s gaming industry solution, gameViz™, enables casino operators to gain a competitive advantage by viewing and analyzing gaming-floor data.

BIS² has been recognized with multiple awards for its use of advanced visual data representations known as Super Graphics™ to provide sophisticated business insights, allowing casinos to rapidly adapt to changes in customer behavior. BIS² is an innovative leader in enterprise-ready, standards-based, visually enabled analytics solutions that reveal the trends and patterns in operational data so organizations can identify what actions are required today.

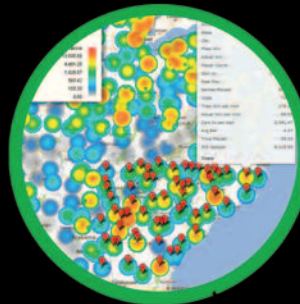

SPATIAL

Understand how location effects spend and frequency.

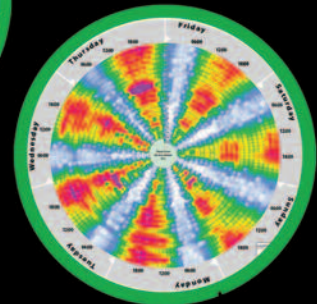

INSPATIAL

Game change analysis - Visualize and measure changes on the floor.

TEMPORAL

Show performance through time. Reveal hard-to-see trends and patterns in your data.
