We are pleased to release this double issue of Indian Gaming magazine, which includes the *2014 Buyer's Guide & Directory*. This was a fantastic opportunity for our team to check in with each casino property across North America. A big thanks goes to the 442 tribal gaming properties for assisting us in updating your information. As you will see from the data, there are many new casinos since our last edition – exciting news for this robust industry. We would also like to thank our advertisers and all of the industry suppliers who supported this effort. During the process of putting this issue together, we reached a new milestone as it grew into the biggest issue in the magazine's 24 year history!

Next up, we head to the first show of the year, the California Nation Indian Gaming Association's 19th Annual Western Indian Gaming Conference, held February 11-13 at Morongo Casino Resort and Spa in Cabazon, CA. See page 146 for more details about this important conference. Following that, the World Game Protection Conference will be held February 24-26 at the M Resort in Las Vegas. This annual 3-day international conference includes 24 breakout sessions and an expo focused entirely on casino game protection. The meeting will cover the latest casino scams, game protection and surveillance best practices. There is also a large showcase of the latest surveillance technology, a great chance for casino security experts to preview the latest and greatest systems available in 2014.

We are off and running with a busy conference year ahead. We look forward to seeing you at the shows!
