Reduce Smoke, Improve Air Quality, Save Energy Costs & Destroy Germs

V-PAC® System - Purifies and Disinfects your Air!
Perfect for Solving the Toughest Smoke and Odor Challenges

V-PAC SC™ - Perfect Portable Solution for
Facilities that Require Immediate Reduction
of Indoor Air Contaminants

- Photocatalytic Panels (PCO) and BPS Lite™ Activated Carbon panels are designed for installation in standard filter tracks
- Utilizes V-MAX™ high output lamp system
- Proven to Eliminate Odors
- Ozone-free
- Chemical-free
- Sustainable
- Cost-effective
- Reduces Energy Costs

The key to the system is photocatalytic oxidation that destroys viruses, bacteria and volatile organic compounds (VOC) in addition to particulate filtration within the air purifier.

This Technology is Used in Casinos, Airports, Hospitals, Universities and Museums.
