

Imagine what the Cloud can do for you.

It happens through myCloudSolutions from NEWave. This innovative suite of products gives you security and savings with Cloud-based solutions developed specifically for gaming, including tax forms, check cashing, document manager, compliance and much more. With myCloudSolutions, you'll have the power to deposit and retrieve key information from one centralized location. That means your employees will be more productive, your processes will be more streamlined, and your casino will be more profitable.
